

MAKE SNOWY DAY ART

Mix equal parts glue and shaving cream to make snow

Trace and cut out shapes on construction paper to make Peter (See page 2 for template to cut out and trace)

Then have making snowy day images and recreating Peter's magical day by making snow angels, footprints in the snow and more!

ITEMS NEEDED

- Scissors
- Construction Paper
- Glue
- Shaving Cream

Visit Latham's Hardware in downtown Milan to purchase any of these items

Use the shaving cream/glue mixture to create a mountain of snow on construction paper.

Add Peter to the page using glue.

Don't forget to make a snowball or two for him to throw on the page.

Use your pinky finger or the eraser tip end of a pencil to make footprints in the snow.

Use a q-tip to drag a stick through the snow like Peter did while he was exploring.

Lay you snow angel shape in the shaving cream and trace around with your finger to make a snow angel on the left.

Lift the figure off and use your finger to remove the snow from underneath to make the snow angel on the right.
